Commentary

For the 6 months ended 31 December 2008, the Company earned a net profit after tax and impairment charges of \$45.7M. The impairment charges of \$3.7M relate to a decision of the Board to write off the entire goodwill and future tax income benefit in the New Zealand operation as a consequence of the significant downturn in that economy. The normalised operating profit for the six months ending 31 December 2008 was 7.1% down on the prior corresponding period.

In keeping with the results for the half year, the Board has announced a decrease of 2 cents in the interim dividend to 18 cents per share, fully franked.

The Company continues to have a strong balance sheet and the Board is generally satisfied with the half year result having regard to the slowdown in the economy which is providing tougher trading conditions.

In Australia the Company has continued to grow its network, commencing trading from 38 new outlets during the half-year. At the end of the half year the Company had 425 trading outlets throughout Australia and New Zealand. The rate of growth in the new outlets is higher than initially planned and has contributed to the increase in cost of doing business. The Board expects a further 12 store openings in the second half of this financial year.

Looking ahead to 2010, the rate of store openings is expected to be somewhat lower as we enter a period of consolidation in this challenging economic environment. Notwithstanding the economic downturn, the Board expects the Company to at least maintain its market share but in these present uncertain times is not prepared to forecast for the immediate period ahead.

**Independent Auditor's Review Report
to the members of Reece Australia Limited**

Report on the Half-Year Financial Report

Directors' Responsibility for the Half-Year Financial Report

The directors of the Reece Australia Limited are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of Interim and Other Financial Reports Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2008 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Reece Australia Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
