### Commentary

For the 6 months ended 31 December 2009, the Company earned a profit after tax of \$57.6M an increase of 25.9% over the prior corresponding period. Normalised earnings before impairments, interest and income tax were up 12.8% to \$82.6M (2008 \$73.2M), primarily driven by the lower cost of doing business. Sales revenue was up 0.3% to \$769M (2008 \$767M).

In line with the half-year results, the Board has announced an increase of 2 cents in the interim dividend to 20 cents per share, fully franked.

The Board is satisfied with the half year result taking into account the current economic conditions in both Australia and New Zealand. The continued uncertainty for both consumers and business combined with the reduction in Government stimulus packages provide a challenging trading environment. Actions taken by management to reduce the cost of doing business has resulted in significant savings being recognised in the current period.

The Company continues to have a strong balance sheet with no net debt as at 31 December 2009. Net assets have increased by 11.6% to \$558M (2008 \$500M) funded through internally generated cash and borrowings as required.

In Australia the Company has continued to grow its network, commencing trading from 12 new outlets during the half-year whilst consolidating 3 existing sites. In New Zealand total outlets remained at 5. At the end of the half year the Company had 438 trading outlets throughout Australia and New Zealand.

Looking ahead, the Company will continue to invest in the refurbishment program for existing stores and grow its outlets with selective property acquisitions. With uncertainty around the market conditions, the Board is reluctant to provide a forecast for the immediate period ahead.

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of Interim and Other Financial Reports Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2009 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
